BRIEF ABSTRACT OF LETTER

States, in reply, that under the rules regulating the service connections the Municipality makes the collection and that as a last case the Chief Engineer, Water Supply Stores Dept. has been ordered to push in meters into the largest houses in Mysore under Rule 3 -

NOTES AND ORDERS

N Attention is respectfully invited to the Order in sub. 382-06 that the question of fixing meters will have to be considered after the disposal of the question of imposing a general water tax in the city, etc. etc.

The Mumb. President has been recently requested to take necessary action without loss of time for introducing the said tax. In the meantime, there seems to be no objection to ~~the~~ fixing meters to certain house service connections as gauging the quantity of water consumed as pointed out in the Board's note of the 22nd June 1909 in No. 327-09. May the Chief Engineer's letter be in the circumstances, recorded? ^{communicated to the President} Draft submitted for approval on other orders. ~~Approved~~

With reference to Government Proceedings No 968/M¹
327-08-3 dated the 3rd instant, approving of the suggestion
to credit to Government the fees for excess consumption of
water in the Mysore City, and observing ~~that~~ that it is worth
of consideration whether the P W D. itself should not make
the collections also, I have the honor to inform you, that in
the case of Mysore the same rules as are in force in Bangalore
were ordered in Government Proceedings No 1258-63/8403-8 dat
the 17th December 1906 Under these rules, the Municipality
makes the collection These rules have under one pretext or
another never been given effect to by the Municipality
now, as a test case, ordered Mr V Rangaswami Iyengar to p
in meters into the largest houses in Mysore under Rule 3,
the intention of carrying out the ~~the~~ metering of smaller
houses as funds become available He has been told to in or
the Municipal President of his action, and if any object
is taken by the latter officer, or if meter bills are not
